Dear Mimi:

Mimi Jolie Maison, "Mimi's Happy Home" is a perfect description of what you have helped to make our Naples, Florida home. You have made an overwhelming task run smoothly and swiftly. The selections of wall finishes, furniture, fabrics and accessories were spectacular! Working with you and your company has been a wonderful experience.

From your faux finishing artists, to the flooring and carpentry experts, to the office staff, each of you treated our home as if it were yours! We look forward to working with you in any future endeavors.

Sincerely,

Russ and Tracy Scurto
